Through special arrangement with the U. S. Army Corps of Engineers, NASA's agent for land acquisition and construction, the U.S. Post Office Building was signed over by Baxter, for a token fee, to a new role at the NASA test site. The post office building will be preserved at MTO to exhibit re-

This information was just one of several items listed in a Summary of Forestry Activities in Mississippi. The Summary, according to State Forester Jack Holman, ed by the various cooperating agencies, forestry consultants, and industry.

Holman pointed out that requests are often received for information on the total accomplishments during the year, but until now, no one could supply the information.

"The Forestry Commission appreciates the cooperation of the various agencies and organizations who assisted us in reporting these complishments," Holman said.

SERVICES FOR CHRIST EPISCOPAL OF YOUR CHOICE

Sometimes the future looks black; we can't see a climmer of light anywhere . . . and we ask for help without really expecting an answer. But we're wrong. Even that small word, "help" means that we have realized our own inadequacy and turned to Something outside ourselves for guidance.

Called, or not called, "God is an in trouble." And whenever we ask Him to intervene. our lives are filled with new hope and inspiration.

He does not ask us to worry about the future. In fact. He doesn't intend us to worry at all. Worry indicates uncertainty and fear, and these have no place in Christian living.

Perhaps you are thinking "That takes greater faith than I'll ever have!" But you forget God's help. Perfect trust . . . serene peace of mind . . . these are your birthright. And your Church will teach you to attain them.

way a foot deep. Don't be a litter bug. Too bad we can't use litter bugs for bait. They could be secured by the thousands.

Lizards make good bait for catching bass when caught alive Our gardens are full of them and they are harmless, although ugly looking.

The Empire Southwest Pa Rodeo ended Saturday and was a grand success as usual. For those of you who like to attend fishing rodeos there have been three so far this year. The Gulfport Grand Isle and Empire Rodeo and fish from tarpon to black bass were caught, winning trophies for the anglers. If you are not a fisherman, you can enjoy attending rodeo. Fish put on display and are worth viewing. One trip and you will probably become a fisherman. There is no better sport in our imagination, and fishing in our back yard is hard to beat.

Cooler weather should be in the making soon. Could be next month. Cooler weather makes fish hit harder, hunting seasons open golfing more interesting; and sportsmen display more pep. It's never too cold to participate in sports according to my way of thinking.

Will be glad to be back home after another week in New Orleans. Attending our 48th wedding anniversary, visiting the parks bowling and sight-seeing with about 30 of our grandchildren and their parents. Not a dull moment, but there's no place like home. More on local sports next week.
